Dear Friend,

I would like to thank you for this great experience of coming to camp this year, this summer it was wonderful! First of all I want to let you know that I'm from Mexico and in appearance the language, English, is not easy for me to speak, but camp has been very helpful for me to improve it, but not only that aspect, if not also camp has supported my spiritual and personal growth. The experiences at camp have been incredible. Classes and activities help us to engage and bond with other people from different places around the world and that experience and cultural exchange has helped me to change my perspective of the world, because people at camp are always supporting and encouraging us to keep making unforgettable and unique memories at the same time that we are learning more about Christian Science, which makes me feel protected and grateful for each moment. Thank you so much for making camp possible for me.

Dear Friend,

Thank you so much for everything you've done for Crystal Lake. This has truly become a second home for me and I could never ask for a better experience. I love spending time in the stables with the horses for the majority of my summer because the horses fit the camp so well. This year I am a CIT, and the program is honestly so amazing. It teaches such valuable lessons like leadership and strength. I am also so happy to be able to share my religion with so many people as I am not able to do that in many other places. The adults at CLC all genuinely care about the kids and it is really beautiful to see. All of CLC is like one big family and I'm always going to be grateful to have had the opportunity to be here!

Counselor-in-Training

Dear Friend,

Thank you so much for giving me the opportunity to come to camp. It has been such a blessing to see all these amazing people in this amazing place. Being able to go here to focus on my Christian Science ability while having so much fun has seriously been a beautiful privilege. I love the ideas shared here and I could not be more thankful.

Counselor-in-Training

“Home is the dearest spot on earth, and it should be the centre, though not the boundary, of the affections.”

Science and Health with Key to the Scriptures by Mary Baker Eddy
p.58:21

For over 70 years, thousands have come to think of CLC as home. Generous donors like you enabled CLC to welcome our campers home again this summer. We wanted to share some of their thank you letters with you.
