

As Summer 2022 approaches, our staff are already working on creating an amazing program full of unique and engaging activities that foster a greater understanding of Christian Science for campers from around the world.

Please help us meet our **\$50,000** matching goal to make this summer the most inspiring ever! Gifts of any size provide invaluable support for CLC and its mission of fostering spiritual growth.

Four ways to give a gift:

1. Give online at crystallakecamps.org/give
2. Use the included envelope and send a gift via check or credit card
3. Call (570) 584-5608
4. Contact Development Director, Phebe Telschow, at giving@crystallakecamps.org

1676 Crystal Lake Road • Hughesville, PA 17737

Contact camp@crystallakecamps.org to subscribe to our camp email

 (570) 584-5608  camp@crystallakecamps.org

Help us climb to new heights!

2022 Spring Appeal

Support Summer Activities with Purpose

Every activity at CLC, whether it's arts and crafts, swimming, or science, is built on the foundation of a metaphysical idea or concept. This ensures an enriching experience where campers grow spiritually and develop their ability to apply Christian Science to their own daily lives at camp as well as back home. Help us continue offering consistent, impactful, and fun activities for campers!

“One of the metaphysical ideas I particularly enjoy working with at camp is this: **‘Let us feel the divine energy of Spirit, bringing us into newness of life and recognizing no mortal nor material power as able to destroy’** (*Science and Health with Key to the Scriptures* 249:6–8). Camp affords children and adults alike the opportunity to really put metaphysical concepts into practice, and overcoming fatigue is a natural result of that activity.”

– Carson Landry

“For the science class I selected different experiments, which, from my perspective would explain how the divine Mind is present in each of the activities we develop, without being able to think that there is any source of knowledge that is outside of it, furthermore, that, just as the “natural sciences” possess a method and a verification, which makes them sciences, Christian Science is verifiable, it is now, as it was in the times of Christ.”

– Alejandra Carranza Agudelo
