AGAPE & PHILOS/PHILIA

Understanding that we are loved by God and loving our neighbor with the same kind of love that God is giving to us allows us to reflect, demonstrate, and express God’s boundless love for all creation. And when we do that, we can heal and be healed.

What’s different about camp friendship and a regular friendship at home is that we’re a lot closer here and there’s a real feeling of family. You learn a lot more about what love really means.

Your gift today in support of our $75,000 end-of-year matching challenge enables us to empower campers and community members to bless the world through their understanding of Christian Science!

Gifts of any size provide invaluable support for CLC and its mission.

To give, visit crystallakecamps.org/give or use the enclosed envelope.

If you have any questions, contact CLC’s Development Director, Phebe Telschow at giving@crystallakecamps.org

Thank you for supporting Crystal Lake Camps!
At Crystal Lake Camps, our programs aren’t just fun activities. Everything we do in our youth, family, and adult camp programs is directly related to six organizational values. These values give CLC programs the spiritual strength, substance, and structure to uplift lives and bless the world as everyone takes the understanding they gain with them wherever they go.

**WHAT MAKES CRYSTAL LAKE CAMPS UNIQUE?**

Here are the values that Crystal Lake Camps is delivering to campers and community members through every camp program:

**CHRISTIAN SCIENCE**

Through the individual and collective study and practice of Christian Science by staff and community members, Crystal Lake Camps provides and maintains an environment that is highly conducive to spiritual growth. We work to see ourselves and everyone else around us as God’s reflection, and to allow the false labels imposed by the material world to simply fall away.

*Everything starts with Christian Science at camp, and it really helps you build a good foundation for applying it to everything whether you’re at camp or at home.*

**HOSPITALITY**

We value hospitality because it’s an expression of the Christly caliber of generosity, selflessness, and brotherly love which heals and blesses.

*There’s so much brotherhood and compassion everywhere, you’re never going to find anything but love here. It’s amazing.*

**TEAMWORK**

Working together with a common purpose is a way for us to express our wholehearted commitment to God, good, and each other.

*The lake is beautiful, the place is beautiful, the whole camp experience is wonderful, but the biggest thing is the community and family feeling that makes you feel so close to everyone once you get here.*

**FAMILY**

Every individual is included, embraced, and celebrated as a child of God and an invaluable member of the camp family.

**RESPONSIBILITY/RESOURCEFULNESS**

We take care of our camp home, along with our tools, time, and financial resources so that Crystal Lake Camps will flourish and endure to serve others well into future.

*The lake is beautiful, the place is beautiful, the whole camp experience is wonderful, but the biggest thing is the community and family feeling that makes you feel so close to everyone once you get here.*
