REFLECTIONS OF LOVE

"Love inspires, illumines, designates, and leads the way"

"I was scared, then the lifeguard talked to me. She said that God will keep me safe. Now I am swimming at free swim and having fun!"

TEAMWORK

"I'm having so much fun at CLC! My cabin mates are so funny and inclusive, and my counselors are so kind and caring! ... The land here is so beautiful too, it's absolutely breathtaking."

"Originally only here for one week, I find myself wishing I could be here longer as I've found friends I didn't think I would have. I now plan to come back to continue to immerse myself in this camp's love. The people here express God's care beautifully in a way I didn't believe that they could."
